

GRAB BARS

FOR PUBLIC AND COMMERCIAL RESTROOMS

GRAB BARS

Introducing our high-quality grab bars designed specifically for public and commercial restrooms to enhance safety and accessibility for individuals with limited mobility and elderly individuals. These grab bars are engineered to be both sturdy and comfortable, ensuring a safe and secure experience for users.

KEY FEATURES

- Sturdy and reliable: Our grab bars provide essential support, helping users maintain balance and stability
- Comfortable design: The ergonomic design ensures that users can comfortably and confidently use the facilities
- Safety enhancement: Ideal for public and commercial settings, these grab bars contribute to restroom safety

AESTHETIC INTEGRATION

Our grab bars are not only functional but also aesthetically pleasing, designed to blend seamlessly into the restroom environment without drawing undue attention.

They are available in 4 sizes and with multiple finishes to suit any design scheme, including stainless steel, matte black, white, or any RAL classic color.

VERSATILE COMPATIBILITY

These grab bars are compatible with all DAN DRYER product lines, including:

- BJÖRK – elegant and contemporary designs
- LOKI – innovative and modern solutions
- TAPS – functional and stylish fixtures
- STAINLESS DESIGN – durable stainless steel products

With our grab bars, you can ensure that your restroom facilities are safe, accessible, and visually appealing.
